SB 1359

motorcycle safety fund; advisory council

Prime Sponsor: Senator Worsley, LD 25

X Committee on Transportation and Infrastructure

Caucus and COW

House Engrossed

OVERVIEW

SB 1359 continues the Motorcycle Safety Fund (Fund) and Advisory Council (council) through June 30, 2024.

PROVISIONS

1. Extends the date for the Director of ADOT to distribute a portion of motorcycle registration fees (one dollar) into the Fund to June 30, 2024.
2. Requires the council to operate through June 30, 2024.
3. Contains a retroactivity clause.

CURRENT LAW

A.R.S. § 28-2010 states the Fund is made up of monies from gifts, grants and other donations, and is administered by the Director of the governor's office of highway safety (Director). The Fund will receive one dollar of every motorcycle registration fee deposited by the Director of ADOT through June 30, 2016.

This section states that the Fund is subject to legislative appropriation. The Director shall use the monies in the Fund (after consulting with the council) to implement and support voluntary motorcycle education, awareness and other programs, including covering the cost of materials for motorcycle safety, education and awareness programs.

Finally, this section outlines standards for the council. The council consists of five members who are appointed by the Governor for a three year term and have experience in motorcycle safety. The council is required to meet at least quarterly and on the call of the Director for advice on the expenditure of monies in the Fund.

AMSAF Awarded \$50,000 Grant to Continue Providing Motorcycle Rider Training Scholarships

September 1, 2015, Peoria, Arizona – The Arizona Motorcycle Safety and Awareness Foundation (AMSAF) announces the award of a \$50,000 grant from the Arizona Governor's Office of Highway Safety (AZGOHS) and the Arizona Motorcycle Safety Advisory Council (AMSAC). The grant, which demonstrates support for AMSAF's mission of boosting awareness of motorcyclists while reducing rider fatalities, will be used to provide motorcycle rider training classes to the public through a scholarship program.

"We are very excited to have the opportunity to continue giving out more scholarships and help educate new and present riders," says AMSAF chairman Mick Degn. "This continues to be the largest thing we've been able to do to promote motorcycle safety and awareness and to reduce motorcycle accidents and fatalities. This will allow anyone in the state of Arizona to apply for, and receive, motorcycle training," said Degn. "Their only cost is a \$100 non-refundable co-pay." This past year AMSAF has been able to give out more than 1200 Scholarships in the State of Arizona to help educate riders.

HOW CAN YOU BE MORE AWARE?

1. Expect to see motorcyclists.
2. Try to anticipate a motorcyclist's movements - be especially cautious at intersections and during lane changes.

Look Twice!

Take a Sec - Double Check!

3. Allow more space between your vehicle and a motorcyclist than you would for another vehicle.

Drive Aware!

4. Be courteous - signal your intentions well in advance.

Ride Safe. Drive Aware.

Why should motorists

“Take a Sec - Double Check”?

- Approximately three-fourths of all motorcycle crashes involve a motor vehicle.
- Two-thirds of these crashes were caused by the motorists failing to yield the right-of-way.
- The most common reason given by the motorists involved in these crashes is, “I didn’t see the motorcycle.”

Why don’t motorists see motorcyclists?

- Motorists are generally unfamiliar with motorcycles.
- Motorists tend to look for and see what is familiar - other motorists.
- Motorcycles have a much smaller profile than vehicles; therefore judging speed and distance of an approaching motorcycle is more difficult.

What are the most common

situations where these crashes are likely to occur?

- LEFT TURNS - Over 40% of all motorcycle crashes occur at intersections.

- VEHICLE BLIND SPOT - Motorcyclists are often hidden in a vehicle’s blind spot or missed in a quick look due to their smaller size.

LOOK TWICE - SAVE A LIFE!

Weather and Road Conditions

- Motorcyclists have to be much more concerned about road obstructions such as debris, potholes and railroad tracks.
- A motorcyclist’s braking and handling abilities are impaired by wet roads, icy roads and roads with loose gravel.
- Wind gusts and gusts from large vehicles can be a serious hazard for motorcyclists.

Ask yourself each day on the roadway, “Have I seen a motorcycle today?” If the answer is “YES,” great, then look for another one.

Only by actively looking for motorcyclists can you increase your awareness of them on the roadways.

Soon, it will be second nature and you will have greatly reduced the possibility that you will one day have a crash involving a motorcyclist!

OVERVIEW

SB 1008 modifies the VLT and registration fee exemption allotted to the spouse or dependent of a deceased law enforcement officer, firefighter or emergency responder to include volunteer first responders.

PROVISIONS

1. Stipulates that the VLT and registration fee exemptions allotted to the spouse or dependent of a deceased law enforcement officer, firefighter or emergency responders includes volunteer first responders operating in an official capacity on behalf of a government entity that is involved in an emergency or law enforcement response.
2. Defines *first responder*.
3. Stipulates that the provisions of the bill apply retroactively to January 1, 2016.
4. Contains an Emergency Clause.

CURRENT LAW

A vehicle license tax is required to be paid for all vehicles registered for operation upon highways (Article IX, Section 11, Constitution of Arizona). In addition, an eight dollar registration fee is required for all motor vehicles and a nine dollar fee is assessed for all motorcycles (A.R.S. § 28-2003). Currently, A.R.S. § 28-5803.01 exempts surviving spouses and dependents of deceased law enforcement officers, firefighters or emergency responders killed in the line of duty or as a result of injuries sustained in the line of duty from paying a VLT or registration fee. A.R.S. § 36-661 defines a *first responder* as a law enforcement officer, a firefighter or an ambulance attendant.

OVERVIEW

SB 1207 continues the Arizona Department of Transportation (ADOT) for eight years.

PROVISIONS

1. Continues ADOT for eight years.
2. Contains a purpose statement.
3. Contains a retroactivity clause.

CURRENT LAW

According to A.R.S. § 41-3016.27 ADOT is to be terminated on July 1, 2016.

ADDITIONAL INFORMATION

ADOT was established in 1974 and is responsible for collecting transportation-related revenues and for planning, constructing, and maintaining the State's multimodal transportation system.

The Department consists of five divisions: Motor Vehicle, Intermodal Transportation, Multimodal Planning, Enforcement and Compliance, and Administrative Services. As of June 2015, the Department reported having a total of 4,548 appropriated full-time equivalent (FTE) positions, of which 447 were vacant. (Auditor General Report Sunset Factors, Report No. 15-114)

The Committee of Reference (COR) met on November 10, 2015 and recommended an extension of eight years for ADOT.
